THE BASICS

We love what we do! For us, wedding photography isn't just our "job", it's a lifestyle, and one that we have chosen year after year. You'll find us laughing, smiling, dancing, and sometimes even tearing up from behind our lenses throughout the day... and in complete honesty, there's no place we'd rather be than spending the day with our couples to document moments that they will cherish for decades to come.

All of our packages include at least six hours of coverage, and two photographers (Katie or Max along with a dedicated second shooter). After the wedding you will receive a thumb drive of individually photos, both in color and in black and white, that you own the rights to and can print or share as often as you wish. You will also have access to all of your photos via a password-protected gallery that will remain online for one year from the date of your wedding.

Wedding day coverage begins at \$4850 and includes:

- Two photographers
- At least 6 hours of coverage on your wedding day
- A full rights thumb drive with 350-600 individually toned images
- An online gallery of images for purchase or download

On the next page we outline the packages we offer, and following that, we offer several a la carte options to customize your wedding day coverage.

*To reserve your date with us, we require a 25% deposit and a signed digital contract

ENGAGEMENT SESSIONS

\$850

Our engagement sessions are super laid back, and really give us a chance to get to know each other better before your big day! The session typically lasts 60-90 minutes, and is scheduled on a Sunday or weekday. We aim to capture a mix of candid moments and fun portraits during the session, so you have a variety of images! We always shoot outside to take advantage of the best natural light possible, and ask for a backup rain date choice when scheduling!

After the shoot (within two weeks), you'll receive a link to download roughly 40-50 full resolution, custom toned images (in both color and black and white) that you own the rights to. We've had several clients use these pictures for their save the date cards and/or reception decor.

To see an examples of our most recent engagement sessions, please visit our blog category "engaged" (<http://www.dreamlovephotography.com/blog>).

PHOTO BOOTH

\$850

Imagine if your friends and family had the power to take their own picture. Now add cowboy hats, mustaches, feather boas and animal masks to the equation. The results are ridiculously funny and highly entertaining.

Our photo booth is a modern day/old school way for people to do their thing in front of the camera. We use a fashion ring light and a wireless "clicker" that allows people to snap their own photo at their leisure. The photo booth is usually set up one hour after dinner has been served, and stays open for one to two hours.

The photo booth is a great way to entertain your guests at the reception, and make sure everyone has their photo taken. We've found that no matter what age, almost everyone loves finding a favorite prop, and snapping away!

We offer a variety of colored seamless paper backdrops and props, although you're welcome to add your own props to the mix, or create a unique DIY background.

When clients add the photo booth to their package, they automatically receive the photo booth images on their thumb drive. Again, you own the rights to these photos, and are able to share them with guests or print them to your heart's content. We also will publish an online gallery of the photo booth pictures that will remain online for one year from the date of your wedding.

See the next page for some great photobooth picture examples...

REHEARSAL COVERAGE \$1250

Couples often want more than just their wedding day documented. Rehearsal coverage gives us the opportunity to get to know your closest friends and family before the wedding day, and capture wonderful candid moments of the evening (especially during speeches)!

Rehearsal coverage lasts between two to three hours, and includes a folder on your thumb drive of roughly 80-100 full resolution, toned images that you own the rights to.

FINE ART CANVAS PRINTS

Our fine art canvas prints are not only individually toned, but we also include blemish removal and specialized fine-detail toning if applicable. The images are professionally printed on high quality canvas at one of the best photographic labs in the nation.

The highest quality canvas and archival inks are used, and all canvas prints have a light lustre coating.

5x7	\$25
8x10	\$35
11x14	\$50
16x20	\$110
18x24	\$145
20x30	\$210

(archival photography prints are also available, please inquire if interested)

HEIRLOOM PHOTO ALBUMS

In a world of computer screens, photographic albums offer a tangible presence of the memories from your wedding day. They become a permanent fixture in your home and we've heard time and time again how often they are opened, and will be passed down throughout generations.

Our albums come in a variety of sizes, and have super thick pages. They are printed with the highest quality archival inks in the USA and bound using a layflat process, so the pages fold open, and stay open. Imagine a cardboard children's book, but much classier!

Photo albums are available with a leather, linen, or custom printed photo cover and are available in the following dimensions:

8x8 heirloom album (includes 32 images)	\$1200
10x10 heirloom album (includes 40 images)	\$1400
12x12 heirloom album (includes 50 images)	\$1500

We also offer parent albums. These albums are duplicates of the your heirloom album, and still have lay flat pages, but they don't have the same weight that an heirloom album has. Parent albums are perfect for a purse or to pick up and show off to friends at dinner (see the difference in page thickness of the heirloom versus parent albums in the third image below)

5x5 parent album	\$400
8x8 parent album	\$600

(You are able to specify which images will appear in your album, and additional pages can be added at \$60/page)

FAQ'S

You can expect roughly 60-75 images per hour of photography coverage (a six hour package would yield between 350-450 images, and an eight hour package would yield 500-600). Dreamlove Photography chooses the best images on your thumb drive. Our clients typically receive their thumb drive of photos within two weeks of the wedding, but our contract does allow us up to eight weeks for unanticipated circumstances (thus far, our longest delivery took five weeks... still, not too bad!).

Basic wedding day coverage includes travel within a 60 mile radius of Bernardston, MA. Beyond that, our travel charge is \$1.00/mile.

For weddings that are more than a two hours' drive away from Bernardston, MA, we require a hotel stipend of \$125. For weddings on Cape Cod or Martha's Vineyard, we charge an \$850 flat travel fee. This fee covers our mileage, and two nights lodging, as we arrive the night before your wedding so we aren't stuck in traffic on the big day!

Extra hours can be added to the basic coverage at \$700/hour.

A password-protected online gallery from your wedding day will be up the day after we mail out your thumb drive (typically within two weeks of the wedding day).
